Initial Return to Campus Plan (June 1 - August 1)

The "Initial Return to Campus Plan," which you can access under My Messages & Alerts in the MyGeorgiaSouthern portal, outlines a phased-in approach to the initial return of all employees to our campuses. Guided and directed by health and safety guidelines, each phase of the return details workplace expectations, staffing options, symptom monitoring, personal safety best practices, specific workplace scenarios, enter/exit control, and mental and emotional wellbeing.

We know many of you will have questions. Please review the Initial Return to Campus Plan and review an extensive FAQ about reopening that has been developed at <https://www.georgiasouthern.edu/covid-19-information/#return>. We will continue to email updated information to all employees and post regularly to our COVID-19 information page. Additional guidance and details as applicable for each division and department will come from your divisional leader.

We are currently progressing through elements of the Phase 1 plan. The target timeline for completion of full Phase 1 implementation is June 1 - June 15. On June 15, the institution will begin taking steps to implement Phase 2 return to campus, for a completion of Phase 2 implementation on July 20. On July 20, the institution will begin taking steps to implement Phase 3 return to campus, in preparation to be fully operational by August 1, 2020.
